Gempol-Malang Toll Road

Feasibility Study of a Toll Road

**Client**

Jasa Marga (State Toll Road Authority)

Project

Gempol-Malang Toll Road

Location

East Java, Indonesia

Project Period

Start 1990

End 1991

Project Description

The project is a feasibility study for a 40 kilometer toll road with complete cost and economic analysis. This is the first toll road feasibility study funded by the World Bank, and special emphasis was placed by the bank and the client on the environmental considerations in the scope of work and selection of the consultant.

Scope of Services

Trans-Asia provided comprehensive feasibility study with cost and economic analysis and environmental impact assessment.
