

TRANS-ASIA

Renovation of the Main Building of the New Supreme Court

Construction Management of an Office Building

Client

Supreme Court of the Philippines

Project

Renovation in the Main Building of the New Supreme Court

Location

Taft Ave., corner Padre Faura Street, Manila, Philippines

Project Period

Start 2002

End 2003

Project Description

The project consists of the new construction of an expansion to the left side of the existing Supreme Court Main Building.

The project involved the Construction, Refurbishing, and Upgrading of Selected Areas within the Supreme Court Main Building. These included the Memorabilia Room (Division Session Hall), Main Lobby, the Session Hall, En Banc Dining and En Banc Conference Room and Division Conference Rooms.

Scope of Services

Trans-Asia provided the Construction Management Services for the three (3) stages of the Construction period as follows:

- Pre-Construction Phase
- Construction Phase
- Post-Construction Phase

Likewise, Trans-Asia prepared the document/report prerequisite to the acquisition of the environmental permit.
